Quality & sourcing

PRODUCT INFORMATION

Clear specifications. Confident purchasing.

Our current product reference is BADGER Pellets® in 15 kg bags. Technical characteristics and supporting certification documents should be confirmed against the exact product and batch offered before purchase.

PRODUCT SNAPSHOT

Product category	Heating wood pellets
Referenced bag size	15 kg
Product reference	BADGER Pellets®
Other technical data	Available on request

CERTIFICATION INFORMATION

ENplus A1 / DIN / PEFC

These designations were supplied for the brochure brief. Certification validity, holder, scope and applicability to the actual supplied product have not been independently verified. Request current supporting documentation before relying on these claims.

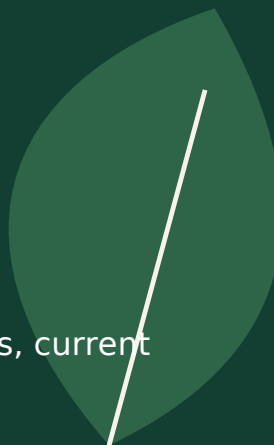

A NOTE ON SUSTAINABILITY

Wood pellets can form part of a biomass heating solution. Specific emissions, sourcing and environmental performance claims depend on documented product and supply-chain data.
